

**NACE Northern Area  
Fort McMurray Seminar  
CORROSION – THE HUMAN FACTOR  
OPERATIONS LEVEL CORROSION MANAGEMENT**

**Notice of Upcoming Seminar – October 12, 2006**

Oil Sands Area.....Integrity Technologists.....Plant and Field  
Operations.....Engineering.....Maintenance Staff

The NACE Northern Area will be hosting an integrity management seminar focused on the issues faced in Oil Sands Mining and Thermal production operations. This seminar will feature presentations from producers and regulators to provide an operational level discussion about corrosion mechanisms, identification of problems, how to control them and industry impact. Several interesting and informative case studies will be presented.

**October 12, 2006  
Sawridge Inn and Conference Center  
Fort McMurray, AB**

Watch for more details on the speakers and topics in upcoming NACE Newsletters or visit the websites below.....
